**If I could only tell you one thing in my life
But.. would you listen.. and take my advice
I'm trying to tell you ... to follow all your dreams
Because what's inside of you, isn't all it seems
And you Dream.....**

**Now you are hypnotized and fade into a dream
I have you on a string.. we'll this is how it seems
Bridge
You know what you want from life .. But you still can't let me know
Why do you hold it inAnd never let it show
And you Dream.....
And You Dream.....**
